

For the first time in Maryland, voters will be able to cast a ballot **before Election Day** using a touchscreen voting system. Every jurisdiction will have at least one polling place for early voting for both the primary and general elections. This new state law was established in the 2006 Legislative Session with House Bill 1368 - *Election Law - Voter Bill of Rights* (Chapter 61, 2006). The Maryland State Board of Elections (SBE) and every local board of elections (LBE) are committed to implementing the requirements of this new state law.

Who can vote during early voting?

Any registered voter can vote during early voting.

Registering to vote: You can register to vote in person at an election office or by mail. To get a Voter Registration Application by visiting www.elections.state.md.us, or by calling SBE at 1-800-222-8683 or a LBE. (Please see back for LBE contact information.)

The deadline to register to vote is August 22, 2006 for the Primary Election and October 17, 2006 for the General Election.

Verification of Registration: To determine if you are a registered voter, visit www.elections.state.md.us and click "Voter Status" or call your LBE or SBE.

When can I vote?

Early voting will be available from:

- Tuesday, September 5, 2006 – Saturday, September 9, 2006 for the Primary Election, and
- Tuesday, October 31, 2006 – Saturday, November 4, 2006 for the General Election.

Each early voting polling place will be open continuously from 7 am – 8 pm.

On Primary Election Day (September 12, 2006) and General Election Day (November 7, 2006), polls are open continuously from 7 am – 8pm. If you vote during early voting, you **may not** vote on Election Day. If you choose to vote on Election Day, you should do so at your assigned polling place. Your polling place is listed on your Voter Notification Card. Contact SBE or your LBE for more information.

Where can I vote during early voting?

You can vote at any early voting polling place in your jurisdiction of residence. Early voting polling places are printed on the back of this paper and are available at www.elections.state.md.us

How will I cast my vote during early voting?

All voters in Maryland use the same voting system. For polling place and early voting, voters use a touchscreen voting system. With a touchscreen voting system, you touch the screen to make, change, and review selections and cast a ballot. For additional information about Maryland's voting system, visit www.elections.state.md.us and click "Voting Systems."
